### Resources for Posting:

#### 1) Local NewsPapers

Search the classified ads in your local newspapers and national newspapers and put in proper language.

#### 2) Yellow Pages and Classified Magazines

Get the magazines and try putting the classified ads in the appropriate categories from these resources.

#### 3) Refer other websites

Local Classified websites may be referred for posting. **But you need to take care that the content should not be copied from other website. It should be modified in some way.**

**Work with smartness AND you can earn more.**

**How?**

**Do not put ads in the restricted categories.**

**Just analyse the ad and put it in appropriate category. A single ad can be put in more than one category if it has scope**

**Happy Posting**
